Being a member of the Christian church means being able to shine a light for those who are in darkness. The "whys" will not be answered with personal preferences or opinions but will be answered based on what we know from God's Word. Preferences and opinions are worthless in the sight of God and are empty words to a people who wish to be guided by the very words of God. It will be His words that will give us the answers we that need.

Putting on the Armor

Facilitator: Danny Harp

Family Life Center

Starts January 13th - Putting on the Armor, Equipped and Deployed for Spiritual Warfare, gives solid biblical answers from this well-known passage in Ephesians 6:10-20. Not only will we explore this passage but also the entire book of Ephesians as Paul builds toward this topic in the last chapter. Learn the interconnection between each part of the armor and why each one is essential.
