

# North Terrace Church of Christ Vocalist Audition Form

## Requirements for Vocal Auditions

### Here is what you need to bring:

You will need to get a music track/song on CD. This means a song without vocals. These can be found at places such as any Christian bookstore or online at any site that sells karaoke tracks. Please be sure to select a song style that is similar to what you may hear as a solo or a worship song on a weekend service.

Other than that, just bring yourself and have fun. Bring a little bit of patience as it could take a while to work through the list of names if there is someone auditioning before you.

### Here is a brief overview of how the audition night will go:

1. You'll be welcomed by the Worship Minister, Don Gergely.
2. We will call your name and take your CD to the sound booth as you take your place on the platform.
3. Once on stage the audio tech will start the song. You will be asked to sing the whole thing.
4. You may then be asked a few key questions about your ability to sing harmony, keep rhythm, etc.
5. After completing steps 4 and 5 you will be thanked by Don and you may leave or stick around to listen to the others. You'll not find out any results that night about your audition. You will be contacted by phone, or email concerning the results of your audition after we have had time to review, talk, and pray about everyone and their audition. This process should take no longer than one week.

### Some areas you'll be critiqued on:

- pitch
- overall sound
- stage presence
- clarity
